

Fremont Fleet Electrification Study Regional Working Group 3rd Working Group Meeting

Thursday, October 8th 2020 from 10:00am – 11:30am

[RSVP HERE](#)

Hello,

We're excited to announce that the 3rd Fremont EV Planning Project Working Group will occur on October 8th from 10:00am – 11:30am via Zoom Webinar.

We have organized a panel of regional Load Serving Entities (CCAs & PG&E) in the Bay Area to share information and hold a discussion on EV funding opportunities and incentives. This session will also include a brief introduction of available fleet electrification grants administered through BAAQMD.

To foster a thorough discussion, the Project Team has gathered a variety municipal agency responses on stakeholders experiences with EV-related funding and incentive programs. This will help identify particular areas of interest. We look forward to continuing the conversation!

This Working Group session is for **public agencies only**.

Please see the agenda below
